Maxtracker API Document

Ver 1.1

1. Instruction

1.1 Parameter encoding

Parameter encoding is UTF-8 as standard.

Please refer to: http://en.wikipedia.org/wiki/UTF-8

1.2 Time format

Time format is UNIX timestamp (GMT)

Please refer to: https://en.wikipedia.org/wiki/Unix_time

1.3 HTTP MIME

application/json; charset=UTF-8

2. API List

2.1 Device List

Purpose

Get the latest data of all device

Request type

GET

Parameters

URI

/openapi/getdevice

Example

https://maxtrackindo.com/openapi/getdevice?token=TOKEN&username=demo@maxtrackindo.com

Response JSON demo

```
[
	{
		"imei":"3596331045888551",
		"simcard":"0811320196531",
		"icon":"Icon\/Object\/50.png",
		"jenis":"Komatsu",
		"nopol":"PC75",

        }
]
```

2.2 Device By IMEI

Purpose

Get the latest data of the target

Request type

GET

Parameters

URI

/openapi/getdevicebyimei

Example

https://maxtrackindo.com/openapi/getdevicebyimei?token=TOKEN&imei=860465041935515

Response JSON demo

```
[
        {
                "imei":"3596331045888551",
                "simcard":"0811320196531",
                "icon":"Icon\/Object\/50.png",
                "jenis":"Komatsu",
                "nopol":"PC75",
                "status":"PARK",
                "speed":"0",
                "direction":"17",
                "engine":"Off",
                "batery":"Very High Battery",
                "charge":"On",
                "oil":"Connected",
                "gsmsignal":"Strong Signal",
                "gpssignal":"On",
                "locationtime":"1692029406",
                "hearbeattime":"1692029408",
                "statustime":"1692029302",
                "enginetime":"1692029304",
                "lat":"-7.5434783",
```

```
            "lng":"112.2797266",
            "gpslength":"85",
            "gpssatelite":"14",
            "gpspositioned":"1",
            "gpsrealtime":"0",
            "speedlimit":"0",
            "stnk":"0000-00-00",
            "kir":"2023-07-16",
            "paket":"2023-08-05",
            "tank":"94",
            "isvolt":"1",
            "volt":"25.63",
            "istemp":"1",
            "temp":"0",
            "tempatas":"40",
            "tempbawah":"20",
            "odometer":"19310.96",
            "isdoor":"0",
            "door":"Close",
            "doorswitch":"NO",
            "doorport":"IN3",
            "ispto":"0",
            "pto":"0",
            "isfuel":"1",
            "fuel":"94",
            "idgeofence":"0"
        }
]
```

2.3 Alarm Record

Purpose

Get the alarm data of the target in the time period

Request type

GET

Parameters

URI

/openapi/getalarm

Example

https://maxtrackindo.com/openapi/getalarm?token=TOKEN&imei=860465041935515&begintime=1692032400&endtime=1692075600

Response JSON demo

```
[
	{
		"alarmtime":"1692029408",
		"engine":"On",
		"speed":"0",
		"direcion":"0",
		"lat":"-7.969715",
		"lng":"112.613435",
		"batery":"Very High Battery",
		"charge":"On",
		"oil":"Connected",
		"gsmsignal":"Strong Signal",
		"gpssignal":"Off",
		"gpslength":"12",
		"gpssatelite":"13",
		"alarm":"ENTERING Office AT 2023-08-15 08:12:25"
	}
]
```

2.4 Geofence Record

Purpose

Get the geofence data.

Request type

GET

Parameters

URI

/openapi/getgeofence

Example

https://maxtrackindo.com/openapi/getgeofence?token=TOKEN&username=demo@maxtrackindo.com

Response JSON demo

```
[
	{
		"name":"Office",
		"lat":"0",
		"lng":"0",
		"shape":"polygon",
		"radius":"",
		"polygonpoint":"-7.969867480186898
		112.61340413242579|-7.969584251899648 112.61339005082846|-
		7.969574954836491 112.6136827468872|-7.969857519054687
		112.61369884014131",
```

```
                "alertin":"true",
                "alertout":"true",
                "color":"#FF1493",
                "imei":"354018119695496#863396054982341#860465041518428#35963310458885
                51#354018119715823#860465040650412
        "}
]
```

2.5 POI Record

Purpose

Get the Point Of Interest data.

Request type

GET

Parameters

URI

/openapi/getpoi

Example

https://maxtrackindo.com/openapi/getpoi?token=TOKEN&username=demo@maxtrackindo.com

Response JSON demo

```
[
        {
                "name":"Toko Kusuma",
                "lat":"-7.965451",
                "lng":"112.605597",
                "icon":"Icon\/Poi\/1.png"
        },
        {
                "name":"SMU Negeri 3",
                "lat":"-7.968621",
                "lng":"112.612146",
                "icon":"Icon\/Poi\/2.png"
        }
]
```

2.6 Playback Record

Purpose

Get the GPS data of the target in the time period.

Request type

GET

Parameters

URI

/openapi/gethistory

Example

https://maxtrackindo.com/openapi/gethistory?token=TOKEN&imei=860465041935515&begintime=1692032400&endtime=1692075600
